# CAPABILITY STATEMENT

Spaceport Consulting LLC empowers federal contractors and government agencies to build audit-ready asset management systems aligned with FAR 52.245-1, DFARS 252.245-7001, and NASA NPR 4200.1. We specialize in:

- **Property System Design:** Clause-aligned workflows, tagging protocols, and internal control plans
- **PMSA Preparation & Mock Audits:** Gap analysis, corrective action planning, and audit simulation
- **Branded Documentation:** Transfer schedules, onboarding packets, and clause-referenced templates
- **Government Asset Training:** Targeted courses for custodians, compliance officers, and property administrators

---

Our solutions combine strategic compliance with professional presentation—ensuring your systems are not only functional, but credible, scalable, and agency-ready.
